IMPORTANT
Communiqué intended for dental associations

Changes to Desjardins Insurance’s adjudication service
- Insurer No. 000051 -

This communication is to let you know about an important upcoming change. As of January 1, 2021, claims made on behalf of Desjardins Insurance, and currently submitted via Express Scripts Canada (ESC), will progressively be processed through TELUS Health service (TELUS). This transition will happen over a period of eight months.

Until the completion of the phased migration in August 2021, a portion of claims made on behalf of Desjardins Insurance will be processed through TELUS, and another portion of claims will continue to be processed through their current adjudicator ESC.

What you need to know

1. No impact on dentists and patients

Please note that this change will not impact your members’ practices and patient profiles do not need to be modified to ensure data is properly transmitted. This is because the TELUS switch will perform claim routing by group. As such, persons insured with Desjardins Insurance will receive new electronic or physical cards.

2. No changes to group number and certificate number

To facilitate this transition, the group number and certificate number with ESC will remain the same with TELUS. Dentists will continue to submit transactions to carrier ID no. 000051.
3. New Desjardins Insurance member card

![Desjardins Insurance member card]

The transaction types that will be accepted for Desjardins Insurance with TELUS are as follows:

- Claim
- Claim acknowledgment
- Claim Explanation of Benefits (EOB)
- Claim reversal
- Claim reversal response
- Request for outstanding transaction
- Outstanding response

4. Payments during and after the migration phases

If you are a Dentaide member, you will continue to receive your Dentaide payments during and after the phases of migration.

If you are not a Dentaide member, you will receive payments from ESC and/or TELUS during the migration phase. Thereafter, you will only receive payments from TELUS.

Questions?

We are here to help during this transition. As of January 1, 2021, please send questions or requests for assistance directly to the proper adjudicator as indicated on the plan member’s card.

Dentaide members should continue to communicate with Dentaide directly for assistance regarding payments.
